

36 inch Induction Range, 5 Heating Zones and Cast Iron Griddle, Electric Self-Clean Oven Heritage Series

\$ 12,299

HER3651CFEPXT

The new Bertazzoni ranges are superb cooking appliances designed, engineered and made in Italy. All Bertazzoni appliances integrate seamlessly into style-harmonized suites for a true, high-performing kitchen.

This all-new induction range has 5 high-power heating zones with maximum power output of 3700W. The right-side heating zones can be bridged to create a larger cooking area. Each induction area is controlled with knobs and has a convenient read-out interface on the glass worktop. A large, removable cast-iron griddle is included.

The 5.7 cubic feet self-cleaning oven is the largest in its class, with dual convection fan for balanced airflow and even temperature baking and roasting on 7 shelf levels. The elegant digital gauge gives precise control of oven temperature during pre-heating, roasting and baking, and has integrated controls for the food temperature probe. The extra wide electric broiler with optional convection is ideal for grilling and searing at high heat. The oven includes convenient features such as smooth telescopic glides for the oven shelves and soft-close doors. The edge-to-edge interior oven glass door maximizes interior volume and can be wiped clean without effort.

This range comes with a dedicated air-frying mode for healthier cooking, to be used with the included stainless steel mesh basket.

An optional **Collezione Metalli** décor sets knobs and handles are available in contrasting metals - satin gold, copper and black nickel - for aesthetic customization.

All Bertazzoni appliances are covered by a 2-year warranty.
