### MAS366BCFEPXT

The new Bertazzoni ranges are superb cooking appliances designed, engineered and made in Italy. All Bertazzoni appliances integrate seamlessly into style-harmonized suites for a true, high-performing kitchen.

The high-efficiency maintop with 6 brass burners features 2 dual ring 19,000 BTU power-burners that boil water in under 6 minutes (best in class), and 4 additional MonoBloc burners of variable size and power to suit every style of cooking, with delicate simmer at 750 BTUs. A large, removable cast-iron griddle is included.

The 5.7 cubic feet self-cleaning oven is the largest in its class, with dual convection fan for balanced airflow and even temperature baking and roasting on 7 shelf levels. The extra wide electric broiler with optional convection is ideal for grilling and searing at high heat. The oven includes convenient features such as smooth telescopic glides for the oven shelves and soft-close doors. The edge-to-edge interior oven glass door maximizes interior volume and can be wiped clean without effort.

The elegant digital gauge gives precise control of oven temperature during pre-heating, roasting and baking, and has integrated controls for the food temperature probe. This range comes with a dedicated air-frying mode for healthier cooking, to be used with the included stainless steel mesh basket.

Optional **Collezione Metalli** décor sets knobs and handles are available in contrasting metals - satin gold and black nickel to personalize these accent style elements on your range, as well as all refrigerators and dishwashers in your kitchen suite.

All Bertazzoni appliances are covered by a 2-year warranty.
