

24 inch All Gas Range, 4 Burners Professional Series

\$ 2,599

PRO244GASXV

The new Bertazzoni ranges are superb cooking appliances designed, engineered and made in Italy. All Bertazzoni appliances integrate seamlessly into style-harmonized suites for a true, high-performing kitchen.

The high-efficiency maintop with 4 aluminum burners features a dual ring 19,000 BTU power-burner that boils water in under 6 minutes (best in class), and 3 additional burners of variable size and power to suit every style of cooking, with delicate simmer at 750 BTUs.

The 2.5 cubic feet oven cavity has a convection fan for balanced airflow and even temperature baking and roasting on multiple levels. The extra wide infrared gas broiler is ideal for grilling and searing at high heat.

The soft-motion oven door with edge-to-edge tempered glass is a masterpiece of European engineering and makes the oven door very easy to wipe clean. The stainless steel racks included with the range can be equipped with optional telescopic glides.

All Bertazzoni appliances are covered by a 2-year warranty.

This model is also available with LP gas connection.
